Request for Proposal Marketing Services - Italy

1. INTRODUCTION TO VISIT CALIFORNIA

California is the leading visitor destination in the United States peaking at US\$144.9 billion in 2019 for travel and tourism related spending prior to the pandemic. In 2022, California Tourism grew to US\$134.4 billion but still lagged behind the pre-pandemic peak. Since 1998, consistent investment in the California Tourism program (a joint marketing venture of Visit California and the California Division of Tourism) has helped to maintain California's position as a top destination in the U.S.

About Visit California

Visit California is a not-for-profit, 501(C6) corporation formed in 1998 to work jointly with the State of California's Division of Tourism to implement the annual Marketing Plan, which promotes California as a premier travel destination. While these two partners (Visit California and Division of Tourism) are separate legal entities, they are commonly referred to jointly as Visit California.

Visit California's marketing budget is directly derived from assessed businesses in the travel and tourism industry, car rental assessment, and a small contribution from the State. Visit California operates under the auspices of the Governor's Office of Business and Economic Development.

Visit California's 37-member board of commissioners is composed of individuals from all 12 designated regions of California. Members represent five principal industry sectors: Accommodations, Restaurants and Retail, Attractions and Recreation, Transportation and Travel Services, and the Passenger Car Rental Industry. Twenty-four of the commissioners are elected by the approximately 18,000 assessed California businesses; the governor appoints 12; and the 37th is the director of the Governor's Office of Business and Economic Development. The Commission meets three times a year to direct Visit California's programs and activities. A statewide Marketing Advisory Committee also provides input in developing the marketing plan.

2. PURPOSE OF RFP

The purpose of this RFP is to seek and retain a qualified agency to promote California as a premier travel destination and act as the Visit California in-market specialist for marketing and sales representation in Italy.

Your company goal, in relation to this work, is to increase the number of Italian visitors to California; with a focus on travelers arriving by air, and act as Visit California's agent in Italy. Your company will be required to develop a proactive marketing program that enhances the position of Visit California to key travel trade influencers and media outlets in Italy. You will work with staff and other agencies appointed by Visit California to ensure that California is prominently positioned with consumers, key travel trade and public relations influencers. Your company will also be responsible for social media management, content localization, facilitating airline relationships, partnerships, and management of cooperative programs.

Your company will be responsible for producing a strategic and proactive marketing program to key travel trade audiences – travel agents, tour operators, and industry decision makers. These programs should be designed to inspire and educate with the goal of increasing California's competitive position in your market. You will also be required to create a public relations strategy that will focus on securing placements across relevant earned media channels (such as broadcast, digital and print) and engage with key influencers to reinforce California's position as the ultimate vacation destination.

As we continue to reactivate in a post pandemic environment, Visit California is interested in your evaluation and insight into the Italian market's potential for the California tourism industry at-large. We request that you identify key opportunities which you will expand on within your proposed plan. Please outline key competitive or environmental factors of potential concern, especially as the landscape is quickly evolving, and address these in detail, in the appropriate section of your proposal.

The detailed level of budget and staffing resources for activities outlined in the Scope of Work will be mutually agreed upon by the appointed contractor and Visit California in a contractual format.

3 CURRENT MARKETING PROGRAM STRUCTURE

See detailed Scope of Work (section 8.4) for more information.

Visit California has invested in the Italian Market for over 7 years, these investments included, public relations programs, travel trade initiatives, consumer websites, social media, digital strategy, and content tools.

Visit California has identified a consistent worldwide target audience to allow for greater efficiency in planning and deploying media and marketing programs on a global basis. This generalized target takes into consideration age, income, and travel propensity. Beyond the global target audience, Visit California has developed core and opportunity audiences that consider local nuances for each priority market.

Public Relations

As part of its overall media outreach, influencer marketing and public relations strategy, Visit California hosts a variety of events and works with journalists to communicate its travel trade programming and promote the entire State through the power of earned media, events, and stakeholder communications. A comprehensive public relations plan is an integral part of Visit California's overall effort, across a variety of marketing disciplines, and across our paid and owned media. This ensures that all forms of communications and messages are carefully linked together to highlight the many unique experiences and range of destinations throughout the State and to support key marketing messages and initiatives.

Travel Trade

To increase visitation and spending in California, an integral part of Visit California's strategy is to ensure the state is prominently positioned within key travel trade distribution networks globally. Visit California works with the travel trade industry to develop strong partnerships and to create new and innovative travel products that include all 12 tourism regions of the state. A great effort has been put into developing and promoting CALIFORNIA STAR, a dynamic trade-focused digital education platform. This digital tool, coupled with in-person trainings, helps expand agent knowledge regarding the diversity of California experiences through training and interactive sales tools, turning agents into expert brand ambassadors.

Partnerships

A key component of Visit California's travel marketing plan is to develop marketing partnerships to increase visitation as well as provide support for global programming. To

expand the reach and maximize resources, it is important for the in-market agency to work closely with airlines, along with endemic and non-endemic brands in the market with the goal of increasing California's presence in the market.

Owned Channel Management (website, e-marketing, social media management)

Visit California has created a comprehensive online marketing and communications strategy, with language and content customization on a market-by-market basis.

- Website
Visit California maintains Websites in all key global markets, which www.visitcalifornia.com/ serves as the foundation for the Visit California owned platform in Italy (the localized website URL is www.visitcalifornia.com/it). Central to the updated website approach is a mobile first mentality. With a strong content strategy in place, the website functions as the hub for Visit California's digital ecosystem to enhance our "Always On" consumer global strategy.
- Social Media
While the website will continue to serve as the primary content hub for the digital ecosystem, Visit California recognizes the importance of connecting with consumers in their preferred environment and has a localized Facebook page to speak to in-market consumers.

Visit California has the following digital channels in Italy:

- URL: www.visitcalifornia.com/it
- Facebook: <https://www.facebook.com/VisitCalifornia/>

Market Highlights

Italian visitors are forecasted to spend approximately US\$526 million in California in 2024, which is 110% of pre-pandemic levels and up from \$465 million in 2023. Airlift is also forecasted to be recovered to 243% by 2024. These positive indicators and additional information can be found on Visit California's industry website under the Global Market Profiles section.
