Request for Proposals

Website Development Services

August 15, 2022

To All Prospective Bidders:

Visit California, a privately funded nonprofit corporation, is seeking a qualified company to provide **Website Development Services** and implement a new iteration of Visit California's industry website – [industry.VisitCalifornia.com](https://industry.visitcalifornia.com).

California is the No. 1 travel destination in the nation, fueled by Visit California's global marketing program that inspires travel and is funded and guided by the tourism industry — a network of thousands of California businesses that benefit from tourism, as well as hundreds of tourism boards and trade associations. The purpose of this Request for Proposal (RFP) is to seek and retain a qualified company to create a new version of Visit California's industry website ([industry.VisitCalifornia.com](https://industry.visitcalifornia.com)), designed to provide resources, facilitate engagement/participation and communicate the value of the organization to tourism businesses.

The California Travel and Tourism Commission d.b.a. Visit California is a private non-profit 501(c)6 funded by assessed businesses that have an interest in promoting tourism to California. California Tourism is marketed exclusively by Visit California. The Tourism Assessment Program was created under the California Tourism Marketing Act in 1995 with the passage of SB 256. The legislation authorized self-imposition of an assessment by businesses that benefit from travel and tourism. It also authorized the establishment of a non-profit, public benefit corporation, Visit California, to oversee the promotion of California as a premier travel destination.

The total budget for this RFP is, on average, US\$500,000. The contract period for the Scope of Work contained within this RFP will be approximately January 1, 2023 to June 30, 2024. Visit California may renew the contract each subsequent year for a three-year period, at its discretion. Visit California reserves the right to adjust the budget and related services.

Attached is an RFP for those capable of meeting minimum requirements and carrying out the scope-of-work. All proposals will be carefully reviewed and evaluated based on the criteria noted in the attached document.

Notice of Intent to Bid (a non-binding document), as well as any questions you may have to clarify this RFP, are due to Visit California no later than 4:00 p.m. Pacific Standard Time (PST), August 29, 2022.

Sincerely,

A handwritten signature in black ink that reads "Caroline Beteta".

1. Introduction

California is the leading visitor destination in the United States peaking at US\$140.6 billion in 2019 for travel and tourism related spending prior to the pandemic. Since 1998, consistent investment in the California Tourism program (a joint marketing venture of Visit California and the California Division of Tourism) has helped to maintain California's position as a top destination in the U.S.

About Visit California

Visit California is a not-for-profit, 501(c)(6) corporation formed in 1998 to work jointly with the State of California's Office of Tourism to implement the annual Marketing Plan, which promotes California as a premier travel destination. While these two partners (Visit California and Office of Tourism) are separate legal entities, they are commonly referred to jointly as Visit California.

Visit California's marketing budget is directly derived from assessed businesses in the travel and tourism industry, car rental assessment, and a small contribution from the State. Visit California operates under the auspices of the Governor's Office of Business and Economic Development.

Visit California's 37-member board of commissioners is composed of individuals from all 12 designated regions of California. Members represent five principal industry sectors: Accommodations, Restaurants and Retail, Attractions and Recreation, Transportation and Travel Services, and the Passenger Car Rental Industry. Twenty-four of the commissioners are elected by the approximately 18,500 assessed California businesses; the governor appoints 12; and the 37th is the director of the Governor's Office of Business and Economic Development. The Commission meets three times a year to direct Visit California's programs and activities. A 34-member statewide Marketing Advisory Committee also provides input in developing the marketing plan.

2. Purpose And Company Expertise Requirements

2.1 Purpose

The purpose of this RFP is to seek and retain a qualified website development company to provide web design and implement a new iteration of Visit California's industry website (industry.VisitCalifornia.com). The new website will expand research offerings, personalize the industry user experience and provide a simplified content management system (CMS). The project will also include strategizing and identifying simple solutions for integrating with enterprise software including Salesforce (CRM) and Tableau (data visualization), along with registration and email software.

2.2 Company Expertise

- Your company should be an expert in web design strategies, personalized user experiences, integrated IT architecture and project management; and
- Have at least five years' experience in website development.

3. Contract Term

- Initial contract term shall be eighteen (18) months to perform one-time updates with an expected site launch date fourteen (14) months after contract begins.

Visit California reserves the right to renew its agreement prior to the end of each contract term for a total of three (3) years, provided funding to do so is appropriated for this purpose in subsequent budgets. There will be an oral review approximately six months after the contract date and subsequent reviews annually prior to renewal. Proposed renewals are also assessed according to program direction, funding, and consistency of price and scope of work continuity.

4. Available Funds

We are seeking quality, cost-effective services. **Visit California will fund the contract up to \$500,000 (USD).**

Visit California reserves the right to adjust both the budget and related services.

The budget for this RFP shall be made in U.S. dollars.

5. Evaluation Process & Criteria

Visit California will form a committee to evaluate the written proposals. The criteria for the scoring of the proposals are included as **Attachment B**. The committee may at any time during the evaluation process seek clarification from Proposers regarding any information contained within their proposal. Final scores for each Proposer will reflect a consensus of the evaluation committee. Any attempt by a Proposer to contact a member of the evaluation committee outside the RFP process to gain knowledge or an advantage, may result in disqualification of Proposer.

The top finalists chosen by the evaluation committee will be asked to provide oral presentations to the evaluation committee. All proposers and key team members working on the account should ensure they are available for the on-site visits during the dates presented in the Tentative Schedule. After the oral presentations, there will be a question-and-answer period. You will be notified of the total presentation time. In addition to Proposer management, key personnel performing day to day activities will be requested to attend.

Please note: Upon completing the selection process under this RFP, Visit California will notify the winning Proposer and all other Proposers who were not selected. Visit California's deliberations are confidential. Accordingly, while we understand that non-selected proposers may wish to ascertain reasons for their non-selection, Visit California is unable to respond to any subsequent questions and/or requests for information as to why a company was not selected.

Overall Project Vision

Visit California's vision is to evolve its industry website (industry.VisitCalifornia.com) to one that incorporates leading technology to continue to be the go-to resource and entry point for California tourism industry members to engage with Visit California's program of work.

To achieve this, Visit California envisions a personalized experience

for its industry website visitors to deliver the right content, at the right time, to the right users — for example, surfacing different content for geographic relevance or business segment. Site visitors should also be given the tools to filter different content areas according to their needs and preferences.

Central to this effort is a unified user account system. This should empower the visitor to seamlessly register for programs and events and save site preferences while enhancing Visit California's ability to serve content and collect user data.

The industry research portal (industry.VisitCalifornia.com/research) will require significant enhancements. The goal is to offer data for different types and levels of users, including the ability to extensively manipulate data. The recommended solution must be mindful of budget and consider integration with research data visualization software (currently using Tableau).

To accomplish the level of personalization desired, the website will need integration across Visit California's enterprise software.

The new iteration of the website should be powered by an easy-to-use, intuitive, and flexible CMS (content management system) platform. This must allow rapid creation and publication of content to multiple site areas and ideally to multiple platforms.

Audience

California is the No. 1 travel destination in the nation, fueled by Visit California's global marketing program that inspires travel and is funded and guided by the tourism industry — a network of more than 18,000 California businesses that benefit from tourism, as well as hundreds of destination tourism boards and trade associations. The industry website targets staff of all levels from these California tourism businesses and organizations.

This will require technological solutions as well as a sophisticated information architecture to reach the level of usability sought.
